## The Chateau Spa & Organic Wellness Resort 5★ Malaysia

Living majestically amidst a 150-million-year-old tropical rainforest, The Chateau lays claim to being the world's first spa and organic wellness resort. Modelled on an 18th-century medieval castle in Alsace, France, The Chateau sits serenely in the Berjaya Hills yet is just a 45-minute drive from Kuala Lumpur.

This premier five-star spa destination ensures the highest levels of service in its 20 elegant rooms and suites. The Chateau's dedication to everything organic ranges from its organic toiletries to organic linen, wine and fresh fruit. A team of epicurean specialists create exquisite menus and gastronomy inspired by wellness.

The Chateau offers a definitive organic destination spa ritual at its European-inspired, state-of-the-art spa, La Sante, which embraces holistic ideas and relaxing principles and puts the focus on progressive well-being and vitality.

Available in three-, five-, and seven-night packages, these specially designed programmes include delightful accommodation in The Chateau's spa rooms, daily meals created by the guests' very own dietician, special treats and complete daily fitness and wellness programmes.

The intuitive spa personnel deliver personalized therapies and programmes that are designed to meet individual needs and health goals, ranging from body pampering, beauty, anti-stress, body cleansing, fitness, weight loss, and most interestingly the couple retreat, whilst also offering gentle guidance in the areas of nutrition and exercise.

La Sante prides itself on being the first to offer its clientele the use of European thermal facilities, which include a herbal infused sauna chamber, salt grotto or mud chamber and a Soap Brush/Aquaviva heated bed with automatic body scrub facilities.
