Aquaveda Soap Brush Treatment Room

If you're looking for a unique getaway just an hour's drive from KL, The Chateau Spa & Organic Wellness Resort should definitely be on your list. Modelled after a 12th-century "Haut Koenigsbourg" castle in Alsace, France, this award-winning resort stands at 3,000 feet above sea level and encompasses over 16,000 acres of lush greenery as it reigns over the French-themed village resort of Colmar Tropicale in Berjaya Hills, Pahang.

Relax and rejuvenate at this destination spa resort like no other, as The Chateau took up the near-impossible feat of offering a complete organic experience with personalised holistic spa and wellness programmes, making it the

world's first organic spa and wellness resort. No stone is left unturned, from the organic hand towels and welcome drinks offered upon your arrival and the 100% organic bed and linens in the bedroom, to delicious organic cuisines and holistic spa treatments available at the La Sante spa. The luxuriously relaxing experience doesn't stop there, as dining is stepped up a notch at the Lassiette fine-dining French restaurant, which provides a mouth-watering degustation menu using fresh ingredients from around the world as well as its very own organic farms.

La Sante, the first spa in Asia that adopts the European concept combined with Asian warmth and hospitality, delivers individualised therapy and programmes including stress relief, weight loss, beauty and body pampering, pre and post-natal treatments, golf and spa retreat programmes, and much more. The facilities are of exceptional standards, such as the Aquaveda heated bed, Soap Brush treatment, Salt Grotto, and an Austrian-designed treatment of herb-infused sauna, the Herbal Bath.

Guided by the environmental philosophy, 'We have a heart for the planet', The Chateau practices the latest in environmental technology in operating the resort, such as Japan's newest technology, a composting machine, that recycles leftover organic food to organic fertilizer. Furthermore, a chlorinated

Herbal Bath

swimming pool has been converted to a salt pool, and there are three cultivated organic farms which supply fresh organic produce for the kitchen.

Book your relaxing holiday today at The Chateau, and look forward to impeccable service and exceptional hospitality standards. Pick a wellness treatment that's catered to your needs, satiate your appetite with tantalizing cuisine, enjoy a good night's sleep, and leave with your mind, body, and soul completely revitalized. ■
